2. Camp Follow Up
Rokolio
Only major complaint was that our Castle representative was not over as much to spend time with the kids as we have had in the past; so we should make plans next year to have a few night activities planned in case that happens again.
Pack 4012 was with our Pack and we had a blast together; so if we could go with them again it would be just as much fun.

These are now set so we will be discussing them and handing them out at our September pack meeting
